Township Residents

A blanket reminder mailing was sent out for the annual donation request. Several people have sent donations which are being processed, Thank You! In September a second mailing list was generated for addresses that have not responded. If you sent a donation and received a second request for donation mailings please disregard this request. The Lehigh Township Volunteer Fire Company #1 is funded by donations and fund raisers; without these we cannot provide service. The reminder is solely to keep the message fresh that we need donations to survive. In the future we will include language that this is a reminder.

Thank You
Lehigh Township Volunteer Fire Company #1
